

Pranav Dholiya

**Deputy Ex. Engineer I/C - Municipal Corporation
DGM Infra I/C Smart City Devpt. Ltd. Gandhinagar**

Pranav is an accomplished Civil Engineer with significant expertise in urban infrastructure, transportation engineering, and academics. He holds an M.E. in Transportation Engineering and a B.E. in Civil Engineering from Gujarat Technological University.

Currently, he serves as Deputy Executive Engineer (I/c) at Gandhinagar Municipal Corporation and Deputy General Manager (Infra) (I/c) at Gandhinagar Smart City Development Limited. Since July 2021, Pranav has led key projects, including underpass construction, smart road development, water supply and drainage systems, lake and community hall development, and a 15 MLD Sewage Treatment Plant under AMRUT.

Previously, he worked as Assistant General Manager (Infrastructure) at Gandhinagar Smart City Development Limited and played a vital role during the COVID-19 lockdown by managing food and medicine distribution.

Pranav's academic contributions include teaching civil and transportation engineering topics. Proficient in AutoCAD, SPSS, and MS Office, he has published research on traffic engineering and accident analysis, showcasing his dedication to sustainable infrastructure development.
